

FIND OUT WHAT INPAQ COULD PROVIDE FOR YOUR UAV

**Lightweight GNSS
Active Antenna**

- Multi-constellation L1+L2 or L1+L5
- Dimension $\phi 36.5 \times H 58$ mm
- Light weight of 21g
- LNA gain 28dB

**GNSS Multi-Band
Receiving Module**

- GNSS band L1 or L1+L5
- Standard or high precision
- Integrated LNA & SAW filter
- RTK/DR solution available

**UWB
Anchor/Tag Module**

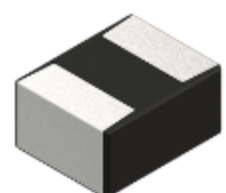

- Support UWB channels 5 & 9
- Centimeter-level positioning accuracy
- Low power consumption
